

### Our Values

Each person is different – we know and respect that. Every plan is different, and we give each plan our full attention.

Bridges have been putting people first right from the beginning. It is at the core of everything we do. We know that for your life to be how you want it, it must be your choice, not ours. We won't tell you what to do, when or how. We will support you to decide how best to meet your goals.

We aim to go the extra mile!

# Live your best life

Bridges Disability Support

AnglicareWA

## What is Bridges?

Our Bridges Disability Support program offers community based services to people living with disability and their families.

Bridges is an NDIS-registered Service Provider and can provide services to people who have NDIS funding or have other funding sources such as the Insurance Commission of WA.

## Our Approach – Valuing People

We are committed to helping you achieve your best possible life. As we begin working with you we spend time talking to you and your family to understand what you want out of life and how we can help you to achieve that. You will be involved in all stages of the process, including choosing your support team and taking the leading role in your planning meetings. If your needs change or you want to try something different, we will do our best to assist you so long as it falls within your funded plan.

Our flexible services are all community-based and designed to help you grow.

They include:

- ♥ Personal support with daily living activities
- ♥ Support to establish independent living
- ♥ Overnight and weekend support
- ♥ Social and community participation
- ♥ Mentoring
- ♥ Short breaks and holidays
- ♥ Planning and support coordination

**We will support you to  
realise your lifelong goals**

## Our Workforce

We value our workforce and ensure they are well supported and trained. Our employees work on a flexible basis, which means we can build their working hours around your needs. We have an excellent track record for keeping our staff so you can rely on working with people you know well and who will be around for the long haul.

Our Bridges staff are committed to the journey with you and supporting the lifestyle to choose to lead.

*Supporting our participants is a privilege.*

## Our Costs

Our costs are very competitive. We encourage the flexible use of funding so families can get the maximum benefit from scarce resources. A full rundown of our costs is available upon request.

## What Next

If you want to learn more about our service, please contact the number listed for your area on the back of this brochure. Our staff will be happy to talk to you about what we can offer and can visit you in your own home if necessary.

You may also want to discuss this with your Local Area Coordinator (LAC) who can help you to connect with us.

*The NDIS empowers you to choose your supports on your terms.*
