Financial Counselling

A professional and confidential service
to help you reach your financial goals

Our Financial Counsellors teach people how to maintain their own financial stability independently

What is Financial Counselling?

Financial Counselling helps people work through any problems they are having with money. This may include managing a household budget, negotiating outstanding bills, or saving for the future. Anglicare WA's Financial Counsellors not only help solve immediate problems, but teach people how to maintain their own financial stability independently.

Our Financial Counsellors are qualified to:

- Make assessments of financial situations
- Provide information and options to address financial problems
- Assist with resolutions if necessary
- Advocate and negotiate with creditors
- Make referrals to other useful services in the community
- Provide information about government assistance that may be available
- Support clients in developing their own budget
- Relay relevant information about consumer credit and bankruptcy

Confidentiality

All Financial Counsellors are bound by an oath of confidentiality in relation to counselling sessions. However please note all Anglicare WA employees have a legal responsibility to report concerns if we believe the well-being or safety of a client, employee or community member is at risk.

Financial Counselling can:

- Increase your financial skills and knowledge
- Give you the tools to deal with financial issues
- Encourage you to be more proactive and accountable for your finances
- Allow you to plan for long term financial stability

Who can apply?

Financial Counselling is available to anyone.

How much does it cost?

It is free. There is no charge for our service or for the arrangements we make on your behalf.

How do I make an appointment?

Phone your local office to make an appointment with a Financial Counsellor. They will help you to develop an action plan and work with you until your situation is resolved.
