Acknowledgement of Country

We acknowledge Aboriginal Peoples as the Traditional Custodians of the lands that our services are based on and pay our respects to Elders of these lands both past and present. Anglicare WA delivers services across many Countries in WA, from Balangarra Country in the North to Minang Noongar Country in the South. In particular, we wish to acknowledge the Custodians of the lands where our offices operate. We would like to thank the Noongar, Miriuwung Gajerrong, Tjurabalan, Yawuru, Nyikina, Ngarluma, Kariyarra, Nyiyaparli, Martu, and Wangkatja peoples for their wisdom and generosity.

Artwork by Hayley Thompson, a proud Noongar and Yuggera yorga.

Volunteer for Anglicare WA and get involved in something meaningful

Foster teamwork, develop new skills and make an impact in your community through volunteering at Anglicare WA.

Every contribution, no matter the size, makes an impact and supports people and families in need across Western Australia. You will be helping to keep our services going which means more young people with a roof over their head, more families with their power switched on, and more support for people experiencing trauma or violence at home.

Your interest in volunteering for Anglicare WA is greatly appreciated and we look forward to hearing what you will do to support our community. We cannot do it without you. Thank you!

Volunteering Opportunities

School Backpack Appeal – Purchasing school supplies can be tough for families experiencing disadvantage. By donating school essentials such as backpacks, lunch boxes and stationery you will be helping children to keep up with their classmates and start the school year with confidence.

Christmas Toy Appeal – Christmas is a magical time of year, but it can be stressful for families who are facing financial hardship. Your efforts in donating and sorting toys and gifts will help us to provide Christmas presents to children who might otherwise go without during the holiday season.

Cooking and Baking – Our youth housing services support young people at risk of homelessness through quality housing, access to education and work opportunities. Enjoy time with your team making some homecooked meals, baked goods or sweet treats for the residents to enjoy after a long day of work or studying and support them as they work towards achieving their goals.

Thread Together – Support the Thread Together team to provide brand new clothing to individuals, families and communities in need, restoring dignity and providing hope to people doing it tough.

Dignity Packs – Collect and pack essential daily items including personal hygiene products, toiletries, and other necessities and make a real difference in the lives of people in need.

Home Starter Packs – Anglicare WA provides short, medium and longer-term housing for youth at risk of homelessness. Our clients often arrive at their new accommodation with nothing. Help us to provide linen, kitchen, pantry and bathroom starter packs to ensure that our clients arrive at their new accommodation ready to start their new lives.

Gardening and Maintenance – Home is where the heart is and a well-maintained home can completely transform the look and feel of the place. Help us to keep our supported accommodation properties looking fabulous. Get your team together to do some weeding, planting, mulching, painting and general garden clean ups.

Something else? Have a chat with us and we can work together to come up with a volunteering opportunity your organisation will love.

About Anglicare WA

Anglicare WA is the most diverse community service provider in Western Australia, delivering 100 direct services across 153 locations.

We support people experiencing homelessness, housing insecurity, poverty and inequality and family and domestic violence and deliver services to improve family relationships, child safety, mental health and disability support.
